

PRATICAL 7

PEP 8 PROGRAM

```
def list_sum(my_list):
    sum = 0
    # INDENTATION

    for i in my_list:
        sum += i
    return sum

# CORRECT CLOSING BRACES
my_list = [1,2,3,
           4,5,6]      # MY LIST OF NUMBERS (INLINE COMMENT)
output = list_sum(my_list)
if output >=10:
    print("You have entered correct number")  # AVOIDING WHITESPACES
else:
    print("You have entered wrong number")
```
